

# PRESIDENT ASKS DEMO COOPERATION

## Reduced Spending Is Plea to Congress

WASHINGTON (UPI)—President Eisenhower invited the new Democratic-controlled Congress today to work with him in reducing government spending to pave the way for a future tax cut, yet provide a "sensible" long-range defense against Communism.

The President, in a State of the Union Message delivered in person to a joint session of Congress, predicted that America will achieve all-time record prosperity in the coming 18 months.

IN A BROAD, sweeping look at the world, as well as the state of the nation, Eisenhower also sharply criticized Russia for warring on international agreements and twisting treaties. And he promised that the United States would stand firm behind its promise to protect the freedom of the people of West Berlin.

His message hammered hard at the importance of economic stability and government economy.

"We can afford anything we clearly need, but we cannot afford one cent of waste," the President said. "We must examine every item of governmental expense critically. To do otherwise would betray our nation's future."

EISENHOWER THUS admonished the opposition-dominated Congress, many of whose new members he has branded as big spenders, to adopt his forthcoming 77 billion dollar balanced budget.

Surveying the troubled world scene, the President denounced the Soviet Union for regarding solemn treaties as "mere scraps of paper."

"The most recent proof of their disdain of international obligations," he said, "is their announced intention to abandon their responsibilities respecting Berlin."

AS A CONSEQUENCE, he said, "we can have no confidence in any treaty to which Communists are a party where such a treaty provides within itself for self-enforcing mechanisms."

The President strongly defended his proposed budget, which calls for about three billion dollars less in spending than the current one, as "realistic... with wholly attainable objectives."

He said he will have the treasury prepare proposals to overhaul the tax structure "at the proper time." He made it clear that tax cuts, if any, will not come this year.

THE PRESIDENT also said: "Some of Russia's recent space accomplishments 'are indeed brilliant,' but he pointed out our gains in the nuclear, space and missile fields.

—He will name a committee of "selfless and devoted individuals outside of government" to draw up a broad range of national goals for the next five years and possibly 10 years. He said such goals—for higher living standards, better health and education, greater individual opportunities — "could help us see our current needs in perspective" and "will spur progress."

—HE WILL ASK Congress to amend the employment act of 1946 "to make it clear that government intends to use all appropriate means to protect the buying power of the dollar."

—He called for resolute action by government, business and labor "to curb the wage-price spiral" and prevent further declines in the value of the dollar.

—He will send to Congress a "comprehensive" bill aimed at corruption in labor unions. Among other things, it would protect the public from secondary boycotts and "blackmail picketing" and provide for secret elections of union officers.

—HE WILL ASK Congress for new farm legislation that would reduce government spending on farm programs by giving farmers greater freedom to manage their own farms and markets greater freedom "to reflect the wishes of producers and consumers."

The President felt it was possible to maintain "a sensible posture of defense" and still have a less expensive federal government, even with such high-priced weapons as missiles at 35 million dollars a shot and space-age bombers that "cost their weight in gold."

HE TOLD CONGRESS that national security will cost more than 47 billion dollars a year—roughly 60 per cent of the total budget. This estimate covered the armed forces, the Atomic Energy Commission and military aid to other nations.

In warning against unwise and too-extravagant spending on defense, Eisenhower said "we must guard against feverish building of vast armaments to meet glibly predicted moments of so-called 'maximum peril.'" He said we must not be swayed by either "groundless fear or by complacency."

## Mikoyan Greeted in Chicago With Egg-Throwing, Signs

CHICAGO (UPI) — Soviet Deputy Premier Anastas Mikoyan came here today for a 24-hour visit and got an egg-throwing, sign waving greeting from pickets.

At least one egg struck Mikoyan's big black Cadillac limousine as it pulled away from Midway Airport. Others were thrown.

AS THE LIMOUSINE started to pull away, Chicago steel executive Edward L. Ryerson, host to the deputy premier and his party, was trying to get into it. The car began to move. Ryerson clung to the roof. The car kept moving and Ryerson, unhurt, had to set off and take another car.

A picket also tossed a sign, a piece of cardboard mounted on a wooden stick, at the Mikoyan car; it fell in front of the car and was run over.

BOTH AT THE airport and at the Conrad Hilton Hotel, where the party went quickly, there were pickets. About 200 were marching before the east and north entrances to the hotel, shouting at Mikoyan "Mikoyan go home," "Murderer go home."

Peter Swack, 30, Chicago, a wine importer, previously had identified the delegation at the airport as members of the Federation of Hungarian Freedom Fighters.

## Johnson Wins Compromise in Filibuster Vote

WASHINGTON (UPI) — Compromise forces led by Senate Democratic Leader Lyndon B. Johnson won a test vote today in the Senate dispute over filibuster rules.

They did so by tabling at Johnson's behest a motion, backed by the liberal antifilibuster block, to readopt all of the old Senate rules except the one applying to curbing filibusters. The present rule provides for a two-thirds vote of all 98 members — or 66 votes — to cut off debate.

## Two Projects

## Site at Airport Asked by Schools

Board of Education members last night eyed the city's Civic Center area as a possible site for new school district bus ports and administration buildings.

Schools Supt. Dwight Twist was instructed to visit city officials and "explore the possibility" of acquiring some five acres of city land for the proposed district structures.

THE EXPLORATION was suggested by Board Member Frank Muller in the aftermath of an informal luncheon meeting with city planners, which was called for discussion of the district's role in plans for future city growth patterns.

Board members have been seeking appropriate locations for the bus port and administration center and they feel the city shops and Civic Center areas are "admirable locations."

THE SUBJECT was broached at the informal meeting, but city officials evinced the possibility of encountering some difficulty in obtaining an airport site for the school district.

However, the board last night voted unanimously to authorize Dr. Twist to meet again with city officials to determine whether or not the land could be made available—preferably in the very near future.

## Peterson To Submit Resignation

Council to Receive Official's Quit Notice At Monday Hearing

City Manager Robert W. Peterson today announced his decision to resign as administrative officer for the city of Palm Springs.

A written resignation will be handed to the members of the City Council at its conference meeting on Monday.

In a press release statement prepared by the city manager this morning, Peterson said that Mayor Frank Bogert had discussed with him the feeling of the council as reflected in its personnel meeting Wednesday night.

"AS IT IS APPARENT that the council has developed a lack of confidence in the city manager and is desirous of making a change, I will submit my formal resignation at the council meeting on Monday, Jan. 12," quoted Peterson.

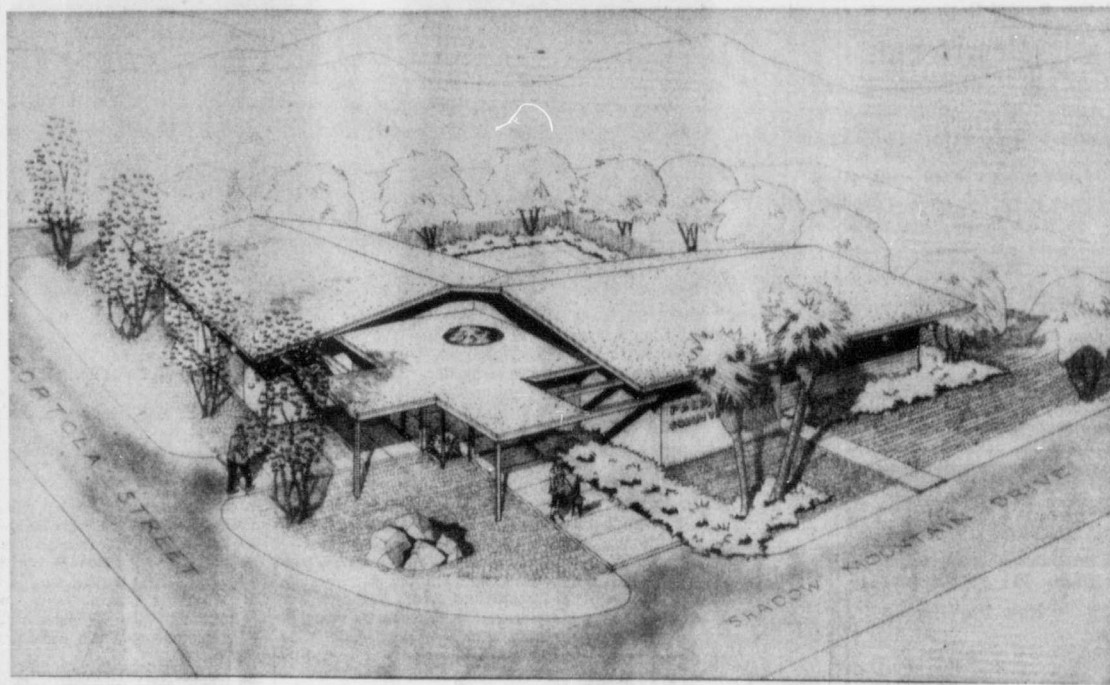

"There is no question that both the council and administration have encountered many problems relative to our sewer program. This is apparently the reason for the requested action on my part."

PETERSON SAID that the resignation would become effective 30 days after the date of the letter.

The statement by Peterson this morning brings to an end rumors and guesses by local people that Peterson "was going to fight his firing by the council," and "was going to ask for a hearing so that facts concerning his firing could be made public."

Instead, the city manager's action was better explained by him today when he said that "the City Council has expressed themselves and if they want to fire me, they can."

PETERSON SAID his resignation affects no other member of the city's administrative personnel, contrary to an earlier report that Director of Public Works Frank Hamerschlag was included in the city hall "shake-up."

THIS NEW LIBRARY building is planned for construction at the northeast corner of Portola and Shadow Mountain Drive in Palm Desert. The first community in Riverside County to have a service area, Palm Desert will be able to tax its residents for construction of the combined library and community.

## Plane Wreckage Spotted Today, No Sign of Life

KINGSFORD, Tenn. — (UPI) — The wreckage of a Southeast Airlines plane missing since Thursday night with 10 persons aboard was spotted today about 400 feet from the top of rugged Holston Mountain.

AN AIR NATIONAL Guard plane spotted the wreckage about 10-15 miles east of Holston Dam in the rocky, heavily forested East Tennessee area.

Capt. Robert A. Jackson of the Civil Air Patrol led a mobile unit to the scene. He was accompanied by 15 members of the Greenville, Tenn., rescue squad.

IT WAS BELIEVED that it would take the rescuers several hours to reach the scene, about 35 air miles from the Tri-Cities Airport where search headquarters was centered.

## FIRST SERVICE AREA TO BUILD LIBRARY

A dream long cherished by many residents of the community of Palm Desert will soon become a reality when the Palm Desert Community Library will be constructed as a result of the establishment of the County Service Area No. 1 by the Riverside County Board of Supervisors last week.

By the formation of this County Service Area, one of the first established in Southern California, construction of the planned \$45,000 combination public library and community assembly hall will be undertaken from funds contributed by the taxpayers of the Palm Desert District, from Del Sol Road on the west to Smead on the east, Avenue 38 on the north and the mountains on the south.

THE TOTAL assessed valuation of the area is estimated by County Tax Assessor Frank Burchfield as \$9,750,000 and members of the Palm Desert Community Library Association Board of Directors, who will manage and coordinate the construction of the building under the supervision of the Board of Supervisors, estimate that an

area tax of 25 cents per \$100 assessed valuation will be necessary for the first two fiscal years of the district.

Directors of the library corporation estimate that by levying such a tax rate for the first two years that the construction of the building may be commenced in November or December of this year and be completed by the early spring of 1960.

THE BOARD of the library association sponsored the establishment of this County Service Area because, after studying various ways and means of raising sufficient capital to construct a \$45,000 building, it was decided that the most fair, just and equitable way to do so would be by the establishment of this County Service Area, rather than by a public subscription campaign.

By this means the board felt that every property owner within the district, whether residing in Palm Desert or not, would pay his proportionate share based on the assessed valuation of his property.

## Rescue Team Stymied by Razed Road

Overland Team Battles Mountains To Reach Disaster

ZAMORA, Spain — (UPI) — Rain-swollen waters surged over a huge new power dam and cascaded a wall of death onto the village of Ribadela early today while its 600 inhabitants slept.

First sketchy reports said 100 or more persons may have been killed.

The disaster struck at 4 a.m. in northwest Spain near the Portuguese border.

THE ZAMORA provincial government said in a statement that torrential rains of the past few days overflowed the reservoir of the two-year-old Vege de Tera Dam and "spilled over, inundating the village of Ribadela."

Down rushed the waters of the Tera River along a deep mountain valley resembling a declined bowling alley.

The full story of the destruction was yet to be told. In its steep plunge, the wall of water ripped out the only road leading to the village and bad weather made flying to the scene impossible.

A JOINT MILITARY - civil mission led by Zamora Provincial Gov. Juan Morillo de Valdivia y Martinez set out immediately from this provincial capital to aid the survivors.

It had more than 30 miles to go overland through craggy mountains and by boat up through the surging Tera River.

The seemingly incessant rain and overcast bottled up U.S. Air Force crews at the Torrejon Strategic Air Command Base outside Madrid.

THE SECTION is one of the poorest in Spain, an area of primitive farming methods with sheep grazing on the arid tablelands and fruit and grapes grown in the many river valleys. Most of the villages have changed little since medieval times.

Weather  
Desert Area forecast:  
Variable high clouds today through Saturday. Little temperature change. Highs today 52-64 upper valleys, 64-74 lower valleys. Yesterday's high was 68, the low 47.

## Shift in Population

## School Officials Advised To Relocate New School

School district officials today digested a planning expert's advice to abandon plans for a Section 14 elementary school and shift their attention to other centers of prospective student population.

The advice came from planning consultant Arthur Shantz when school board members and district administrators met with city planners yesterday to get a picture of future resort development.

BUT THE SECTION 14 suggestion was only one item in a lengthy view of school growth and expansion as envisioned by consultants who created the proposed city Master Plan.

Using the plan as a foundation for his comments, Shantz advised district officials that the section which will largely be devoted to commercial usage would be a "poor choice" for a school site.

SCHOOL OFFICIALS received this opinion in company with

Schools Supt. Dwight Twist's comment that the school population of Section 15 is dwindling.

Dr. Twist explained that residents of the section now being opened for development are moving to other areas in the city; and Shantz noted that there would be little use for a school in an area populated largely by commercial enterprises.

PROPERTY FOR the proposed Section 14 school site has already been marked for development in the near future. If they follow the consultant's advice, board members will have to scan another area for development.

The most immediate school need, it was pointed out, is relief for the rapidly crowding Cielo Vista School.

Shantz, assistant to City Planning Consultant John Eisner, teamed up with Planning Director Hy Ranes and City Manager Robert Peterson in the presentation

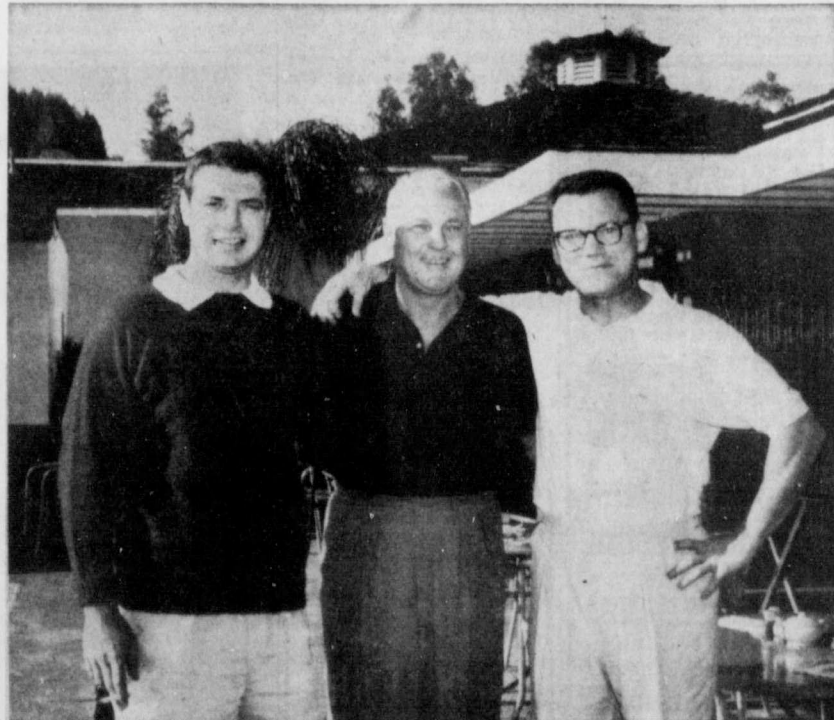

of proposed city development.

REPRESENTATIVES of the school district, in addition to Twist, were Board Members Frank Muller, B. H. Poliak, Don Williams, Charles Wallace, Assist. Supt. Jack Miles, Special Services Director Paul Summitt and Director of Instruction Mary Mitchell. Shantz prefaced his comments with the note that the master plan maps recommended growth patterns and zoning for a city that could reach a population of 105,000 by the year 2000.

Both Shantz and Ranes pointed out recommended sites for some 18 elementary schools and two high schools.

School officials replied with comments that "conservative estimates" show a school population of 5,500 by 1961.

Student enrollment is now at an all-time high of 3,261—as compared to 3,038 at the same time last year.

NEW OWNERS OF The famed Racquet Club are pictured above with Charles Farrell, center, following a luncheon at the club. The two new owners are Robert S. Morton, left, and William W. Beacom, right, well known real estate developers from Pasadena and La Jolla. The club reportedly

was sold for a sum "in excess of \$1,000,000," according to Farrell. The present operating staff will continue as before, with Farrell acting as managing director and chairman of the board, and Sherman Hull as general manager. (Desert Sun Photo).

## PALM DESERT LIBRARY

assessed at \$7,000, which is generally higher than the average assessed valuation of the property in the area, would pay the sum of \$17.50 per year on a 25 cent tax rate, which would be for a period of two years, or a total of \$35.

The board estimates that after the building has been constructed at the estimated cost of \$45,000 that a nominal tax rate of 5 cents per \$100 assessed valuation, for the maintenance and the operation of the library will be all that will be needed. This tax rate would cost the property owner, with an assessed valuation of \$7,000, the annual rate of \$3.50.

ACCORDING TO THE Government Code of the State of California, under which the County Service Area has been established, the only tax that may be assessed to the people of this district, are the taxes for extended library facilities and there will be no other taxes levied for any other purpose under the County Service Area Law unless a petition is filed with the Board of Super-

visors by 10 per cent of the registered voters requesting what-ever services are desired, which in turn would be followed by a public hearing, where all taxpayers have the opportunity to be heard.

The Palm Desert Community Library Association, which will be handling the mechanics of having the building constructed with the tax money, is a non-profit corporation established under the laws of the State of California, whose members are delegated to the Library Association from the sponsoring service clubs and civic organizations of the community, the Palm Desert Woman's Club, Palm Desert Rotary, Chamber of Commerce, Junior Chamber of Commerce and the Palm Desert Library Board.

ALL THESE organizations have long been interested in a community library building and have contributed sufficient money to help defray the expenses of furnishing the building when it has been constructed.

The \$45,000 community building will be located one block north of the elementary school on Portola on land donated to the association by Randall Henderson.

"ROCK-A-BYE YOUR BABY, to a Dixie Melody," sings tiny vocalist Gina Genardi, at 19 already a star in some of America's best clubs. Gina, who has amazed hardened show biz reviewers by her presence onstage, was once star on "Howdy-Doody Show," but bounced into limelight with material that combines old tunes, new tunes in a warm and unusual style. ## GINA GINARDI PINT-SIZED, BUT REGISTERS KING-SIZED REACTION

By GEORGE LAINE  
The philosopher who said that

"good things come in small packages" must have had Gina Genardi in mind.

The diminutive song stylist, current at the Chi Chi here, stands a mere inch under five feet, but registers a king-sized reaction every time she goes onstage at the Palm Canyon Drive niter.

"SHE'S A LITTLE girl," quipped Jay Jayson, who plays yocks from ringsiders at the club, "but she's got a great big voice."

The brown-eyed, brown-haired New Yorker isn't always using the voice full-size, however. Sometimes, on thinks like "Wonderful" and "Mr. Wonderful"—cleverly combined into a meaningful melody—Gina sings softly and with poignancy. Or like the verse to "Nel Blu di Pindo di Blue."

But it is clearly apparent that Gina is happiest when she's "wailing." Like on "Now You Has Jazz" or "Jezebel." That's when the power comes through.

SHE WASN'T discovered in Palm Springs. Reviewers in those caustic, hardened bibbles of the business—Variety, the Las Vegas Sun, the New York Mirror and the Miami Herald—spotted her a full year ago.

Winchell called her "a diminutive ball of fire." Lee Mortimer said she was "no larger than a 22, but with the firepower of a Bib Bertha." Jack Kofed predicted that she was "going big money places" and Forest Duke thought she was a "potential headliner."

That gang had one thing in common.

"HER OVERALL savvy makes it hard to believe that she hasn't been around for some time," one of them wrote. And the others echoed that sentiment.

The very simple, very basic reason for the huge amount of stage presence the 19-year-old singer maintains isn't difficult to see.

Her manager, Aileen Stanley, was an old line vaudeville great before she took to vocal coaching. The tricks she learned in stage presentations while she was on the Orpheum circuit and in Broadway hit shows are apparent in Gina's materials and delivery.

GINA STARTED working her voice for Aileen when she was just 14 years old. Eight years later, the tiny vocalist has had more bookings twice her age and in such hot-shot "big time" spots as the Desert Inn in Las Vegas, the Moulin Rouge in Hollywood, the El Morocco in Montreal, the Latin Quarter in Miami Beach and the club of the same name in New York.

Aileen says that Gina is "the hardest-working student I've ever coached. She doesn't know what rest or relaxation mean." The work comes through in her shows and so does the coaching—particularly in things like the Eddie Leonard routine, which in a beautifully-done bit of nostalgia.

GINA BOUNCED into the Village last week—fresh from a shot on the George Jessel Show that had that sentimental old showman applauding with new exuberance—and figures she'll take a whirl at movies or television or even a recording date—if the right spot comes along.

"You can't just do anything," she said, sagely, her chin taking on a new seriousness. "You've got to do what you think is good for you."

RIGHT NOW, she's not real sure what's "good" for her. As close as you could come to a replica of the young Judy Garland, she's afraid maybe she'd be better as a good Gina Genardi than "almost as good as" somebody else.

The new year ought to settle a lot of things like that for the minute singer who was once described as being "no bigger than a small Campfire Girl."

The chances are that this "Campfire Girl" is going to be a raging bonfire in the ranks of American girl singers before 1959 draws to a close.

## De Gaulle Confronted With Algerian Trouble

PARIS. — (UPI) — Charles de Gaulle, France's president for barely 24 hours, found himself confronted today by a new upsurge of trouble in strife-torn Algeria.

The news that one of the biggest battles of the four-year-old war is raging in the Kabyle Mountains of east central Algeria spread worry among the more than 300,000 families who have contributed men to France's army in the big "overseas province."

REPORTS FROM Algiers said French troops killed more than 300 Arabs in hand-to-hand hill fighting Thursday. French losses, unmentioned in the official reports were presumed to have been considerable.

De Gaulle has dedicated himself to a policy of negotiating for peace with the Arabs who are fighting France in Algeria, but so far the refugee "government" in Cairo has rejected his overtures.

Disputes over Algerian policy wrecked government after government under France's Fourth Republic, and it is certain to be a key issue in the debate next Thursday on the program of Michel Debre, the Fifth Republic's first premier.

THE 71 ALGERIAN members of the new parliament, all representatives of the rightists whose

"revolt" paved De Gaulle's path to power last year, are considered certain to renew their demand for "integration" of Algeria and France. Several have threatened to resign if their demands are ignored.

De Gaulle, who has consistently avoided the term "integration" in his comments on Algeria, called for "close association" between the parent nation and the sprawling territory in his inaugural speech Thursday.

## 'Hidden Persuaders' Author to Be Speaker at Center Forum Jan. 18

You don't have to wait for the commercial on television anymore, according to Vance Packard, author of the best-selling "Hidden Persuaders."

Packard, who will be featured on the Community Forum Series at 8:15 p.m., Jan. 18, in the Jewish Community Center here, says that sales campaigns are under way throughout most of the span

A PACK OF cigarettes on a table, a box of soap on a sink or a make of car in a garage are all "hidden persuaders," according to the former newsman. What's more, he says, they can also be used negatively. A picture of a political candidate in a household headed by a drunken father can often plant the idea that the candidate merits defeat.

Packard will tackle the entire

subject of "subliminal perception" — secondary items that register on the subconscious mind — in his lecture here.

## Russian 'Moon' Becomes Sun's Tenth Planet

LONDON (UPI) — Russia's moon rocket whirled silently through the second day of its solar orbit today, and western scientists pondered whether a bold new Soviet space prediction might be just a newspaper hoax.

The rocket was firmly established as "Mecha," the 10th planet of the sun, late Wednesday night when it was 620,000 miles from earth. It had traveled nearly nine million miles through space.

Its distance from the earth was increasing "at terrific pace," according to the official Soviet news agency Tass.

Chicago is headquarters for 49 of the nation's 500 largest companies, placing it second to New York in this respect.

## Square Dancing Classes Moved From Playhouse

Two Village square dancing classes will shift their scene of operations next week but a third class is "still a-lookin' for a home, boy."

City Recreation Director Howard Haddock said yesterday that a new adult beginner class will be launched at 7:30 p.m., Tuesday, in the Cielo Vista School Auditorium and an intermediate class will continue each Monday in the same location. Both classes formerly met in the Palm Springs Playhouse, but have been evicted by the opening of the dramatic season there this week.

Osa Mathews, a Villager recognized as one of the better Southern California square dance callers, is in charge of both classes.

A third class — for advanced square dancers — is seeking quarters for a weekly meeting. Haddock said he would welcome suggestions for the housing of the advanced class.

A donation of 50 cents per person is taken on each of the classes, he added.

More than 300 bodies were bequeathed to medical schools in England and Wales last year for anatomical studies.

## An Educating Parent

WASHINGTON, D. C. — My candidate for the Do It Yourself Parent of the Year is Peter Y. Taylor of Madison, Wisconsin. On February 1, 1959, Mr. Taylor's seventh-grade son will enter a different public school in Madison than the one he previously attended. The story is not a tear-jerker, nor is it particularly dramatic. But it should mean something to every American parent who is willing to quit hand-wringing and to do something about the crisis in education.

Mr. Taylor's boy, at 12, is a beloved son of a middle income family, average in his school work, capable of fine citizenship and even leadership. But this boy is "underprivileged" in a way that the social workers would never perceive.

BY HIS FATHER'S account in a letter to me, this typical American youngster "can't read, he can't spell and worst of all, he can't reason with the spelling and reading problems that he encounters." Is the kid unhappy, anti-social, maladjusted? Not at all. "He just shrugs his little problems off and continues on 'enjoying' his hours spent in school," his father writes me.

Yes, but this boy's underprivilege is there for wise and loving eyes to see. Mr. Taylor, while in New York last November, heard General Alfred Gruenther address the B'nai B'rith dinner in honor of Bernard Baruch. Gruenther pointed out that only one in eight State Department officers sent abroad could use the language of their assigned country.

MR. TAYLOR clipped some statements on our school system by two fine scholars — former Senator William Benton and Admiral Rickover — as well as a column by me. He also cut out a Milwaukee paper editorial en-

titled "On Wisconsin" which lamented the number of flunk-outs at Wisconsin University. To Mr. Taylor, all these warnings pointed to his own home, to his own son, to his own responsibility as parent and citizen. Something should be done, he felt; not in Washington, not at the universities, not at the high schools, but at the grade schools where kids begin to prepare for high school, college, American citizenship and life.

MR. TAYLOR WENT into action. He called on the business manager of his city's board of education and studied the chain of command. He found that there were seven board members, elected by the people. These board members, all respected citizens, could write their own school program, subject only to Wisconsin State law. But they delegated authority. They appointed a flock of intermediaries, including the superintendent and director of curriculum. The people of Madison, or any city or country, can get whatever kind of grade schools they demand — if they demand it.

MR. TAYLOR VISITED four schools including the one his son attended. He found the same most-play, little-work curriculum at the first three schools. There were compulsory courses in Music, Band and Manual Training. There were three other "must" courses: English, Geography and Mathematics. For some reason, English and Geography were taught by the same teacher, as if these subjects were less important than the single-teacher classes in the play courses.

But Mr. Taylor did not quit. He tried a Catholic school, but it was too crowded. He tried a fourth public school and — Eureka! In this one he found an educator, not merely an educationist, in the office of principal.

Using his initiative and his knowledge of teaching, this principal gave his pupils a hard-work program.

TWO OF THE PLAY courses (Band and Music-Art) were, in effect, optional. The pupil (i.e. his parent, if interested) could elect a study period or a period in remedial work. One of the regular classes was actually entitled "study."

There were the usual play courses called Physical Education and Manual Training, but two unusual ones had been added: Library and Current History. The heart of the school curriculum was a total of 20 class periods a week in the basics: English, Mathematics, Science, Spelling and History combined with Geography.

This is the school to which Mr. Taylor's boy will transfer next month. I am not writing, I know, about the ONLY interested and responsible parent in Madison, Wisconsin, or in the country. But I say Peter Taylor (whom I never met) is a rare parent in that he got off his easy chair and went forth in his son's behalf.

A FEW YEARS BACK we had a Secretary of Defense who was unmercifully chastised and lampooned by the liberalists for speaking with admiration of "bird dogs." Former Secretary Charles Wilson was referring, he said, to Americans who got out and hunted for their opportunities instead of sitting in self-pity upon their haunches till the Government brought them a bone.

Well, bully for the bird dogs! Hooray for the Peter Taylors! Huzzah for all parents, all citizens who elbow their way through the mob of money-changers, paid lobbyists and social planners who now infest our temples.

You want your kid to be educated? Well, here's how! —Holmes Alexander

## Hard to Concentrate in a Fox Hole

## This Side of The Sun

By Phat

Once in a while I love that rain, Drops on the roof, That gurgling drain.

Especially when the rain comes in the middle of the week instead of weekends when it could besmirch our reputation.

BESIDES, RAIN, an unusual phenomenon in Palm Springs, is productive of other things, also unusual. Best show in our rare rains is on Indian Avenue. Seems like the slightest precipitation can cause a wide stream to flow down that thoroughfare. Not deep but neither too shallow.

Watching the pedestrians, from a chair in the warm, dry circulation department of The Sun, meet this challenge, is fun.

AS USUAL, the women are a lot smarter than the men.

The latter, coming to the wide stream, walk on their heels until this proves ineffectual then they decide to jump the rest of the way.

Four out of five don't make it. But the girls. Those who park on the east side of Indian but work on the west side. They stop in the middle of the avenue, take off shoes and stockings and hold a wading party.

And during the height of Tuesday morning's storm, the lawn sprinklers at the High School were squirting merrily.

RIGHT NOW, I'd like to pay respects again to those drivers who increase their speed when approaching deep puddles.

And sash water far and wide, over pedestrians and other cars as they make like a hydroplane.

They should be dunked in an ice-cold shower some morning fully clothed and have no chance to change until night.

SEEMS I JUST can't get caught up after that holiday lay-off. I'm still a week behind.

But let me tell you about last Friday. I think Mrs. G was getting a bit tired of me hanging around the house because she suggested that I take the bus and go to Santa Anita.

That being Palm Springs Day with the Palm Springs Parade the feature race, I agreed.

LOOKED OVER the program when I got there but couldn't see a thing that suggested the desert. To build up a hunch, I imagined a conversation between two men, one of whom had been here.

When his friend asked him how was Palm Springs, he answered:

"Nothing but glee, man." Being \$4.05 ahead, expenses and all, I decided to risk \$2 on Gleeman.

WHILE WALKING purposefully to the win window I argued with myself.

"You old goat," I said. "That's the most far-fetched hunch I ever heard of. Just bet him to show."

Having convinced myself, I did.

And Gleeman won with lots of daylight between him and the second horse.

Paid \$41.70 to win. My show ticket was worth \$4.90.

Well, like I always say, faint heart never won a long shot.

## STAN DELAPLANE'S Postcard

Though I have no ambitions in the banking business. I find a good deal of Shylocking is forced upon me, willy-nilly.

"Lend me \$7," she said. "I will pay you back out of my allowance."

"SEVEN DOLLARS!" I can remember when this dear offspring used to stiff me for a quarter.

NOWADAYS, SHE is down at the specialty shops, squeezing my charge accounts.

"Fifteen is a difficult age," writes a child specialist in a book I bought recently — a book that only confirmed my gloomiest thoughts, I might add. "It is an age we call 'the 15-year-old slump.'"

WELL, I HAVE been thinking about little Yasmin.

If you are out-of-touch, Yasmin was the talented child of Prince Aly Khan and Miss Rita Hayworth.

Little Yasmin must be getting along in years now. Before she was 6, her papa settled some glue on her. He settled ONE MILLION DOLLARS!

That settled the pinafore problems but good.

AT THE SAME time, my own child was showing almost no talent at all. Except for stifling her father on honest debt.

"I cannot pay you the quarter this week because my allowance is only a quarter."

This made good sense to her. And she offered an alternative: If I would raise her allowance to two quarters, she would give me one of them.

WE WENT through some trying years this way — I am very poor at figures and it requires double-entry bookkeeping to keep up with a borrowing child.

It was my idea to recover in one big, smashing coup.

I told her about little Yasmin. "I imagine little Yasmin does not cadge quarters from her papa," I said. "The Prince is a horse player — or so I read in

the papers how he is always out at the French tracks like Long-champs."

"I WOULD IMAGINE he is on the shorts at times, like all horse players. So probably little Yasmin dips into her million-dollar foxy pocket and she says: 'Papa, if you have got a sure thing, lay a few francs on it for me, and here is a little for yourself.'"

"Where did she get the million dollars?"

"HER PAPA SETTLED it on her," I said. "Now settling something on somebody is like they go out and settle down in the driveway and open a lemonade stand."

I will report that such subterfuge does not work when they get to 15.

They do not work any harder. They just get smarter.

I WONDER WHAT I can do with that 3-year-old son of mine? That boy should be a gold mine for his tired old father.

I have thought of a paper route. But he already has a paper route. He rides down the driveway and gets the paper and then he delivers it to me. That is, he throws it at the front door.

IF I PICK IT UP, though, he gets furious. He does not want me to read it. He wants to keep delivering it. He delivers it over and over again. If I pick it up, the paper route is over.

Sometimes I do not even get to read the "Help Wanted" ads until 10 o'clock in the morning.

By that time, the best jobs I could get for him are probably gone.

IT IS FEARFULLY frustrating. To be a parent of two children who do not show any inclination to make a crying dime. In fact, only show a talent for crying a few crying dimes out of me.

It seems like every day I read about children with more money than they can possibly spend. And I could take care of a situation like that. Believe me, I could do just that.

## EARL WILSON:

## Diana Dors' Cold Remedy

NEW YORK — 'Twas so cold the other night that I made a date with Diana Dors — just so I'd feel feverish.

They for the benefit of all you nice Eskimos I asked the redhot British babe—who is famous for wearing nothing under her dress but her—just how she avoids having a chest cold practically perpetually.

"How do I avoid colds?" she smiled. "By avoiding clothes! I don't like clothes."

"I can see that," I stated. We were asquid at the Harwyn... Diana, her British boy friend, comedian Dicky Dawson, and an old friend of hers who said:

"Diana's a nudist at heart." He might have remembered that she once sent a nude picture of herself to the troops, saying, "This is my contribution to the war effort."

"Oh, no, I'm not!" Diana tossed her shoulder-length blonde loveliness about revealing diamond earrings. "But I feel terribly swamped in coats. Like when I started out in just a mink stole, a cab driver said, 'Where the hell do you think you are, lady—in Florida!'"

It did seem that Diana was one of the few not snarling about the N.Y. cold.

Building superintendents were complaining to the tenants about a teen-ager—who makes his hair stay down with a liquid tonic—had to comb it with an ax. Night clubs turned up the chorus girls. The Governor of Alaska, after considering going south to Bad Axe, Mich., for the winter, said, "I will stay on the job here till Texas freezes over."

And the Dallas Weather Bureau said it practically had.

But Diana—here to appear on the Steve Allen show, then to visit Hollywood and Las Vegas—was undisturbed. Men visitors had come to N.Y. with their longies, but she had brought her shorties.

"When did you last have a cold?" I asked.

"I can't remember—when I was a little girl, I guess," Diana smiled.

"And what is your favorite cold remedy?" I inquired.

"Oh, I just take off some more clothes," Diana laughed.

(Which I thought was a heluva reply till a guy next to me said, "But how can she?")

THE MIDNIGHT EARL... Errol Flynn phoned his exclu-

sive literary agent, Carlton Cole, that he's returning from Cuba with a first person story written with Fidel Castro, plus 1,000 pictures. Explaining two bullet wounds, he said he had one in the right shin and another in an unmentionable area... The reason the CBS TV exec doesn't speak up and spare Marie Torre is—he'd lose his job.

Producers of "Tis a Pity That She's a Youknowwhat" were notified by wire that they must vacate the theater for using that word in the ads... Conrad Hilton's Cairo opening of "The Nile Hilton" is set for Feb. 19.

Producers of a certain B'way show said it "being ruined by 'word-of-mouth'" knocks from audiences... so one angel said, "The way to stop that is to keep people out of the theater."

WISH I'D SAID THAT: For some of us, "roughing it" means turning the electric blanket to "medium"—D. J. Zerbe.

TODAY'S BEST LAUGH: The only exercise some people get is jumping at conclusions, running down their friends, sidestepping responsibility and pushing their luck.

Some people wonder how they get those boils in bottles, but (says H. C. Odienebach) a sailor'll tell you it's harder getting a bottle into a battleship... That's earl, brother.

## MIKE CONNOLLY:

## 'Arty' Pictures Scheduled

HOLLYWOOD — "Open City" has given way to the open neckline in European movies. That's why Hollywood is off and running in 1959 with a whole batch of "arty" pictures aimed at filling the worldwide gap.

The Europeans who immediately after World War II let loose on the world such masterpieces as "Open City," "Paisan" and "The Bicycle Thief," have deserted the field. Sex (in the striptease sense) is now rampant in their movies, because it has been bringing more money to the boxoffice.

BRIGITTE BARDOT, Darryl Cowi, and Silvana Pampanini and their open necklines have forced such fine actresses of Europe's "realistic" school as Francoise Mosay, Maria Schell and Anna Magnani to come to Hollywood for jobs.

Hollywood, unable to meet the competition of the brazenly sexy "Bardolators" because of its own production code, is welcoming these fine actresses with open arms—to its own "open city."

TWO PICTURES this past year have convinced Hollywood it can beat Europe's arty boys at their own game. These pictures are "The Defiant Ones" and "Cat on a Hot Tin Roof."

And that's why Hollywood is rushing out with pictures whose themes heretofore were considered too censorable for filming: Flaubert's "Salammbô," Faulkner's "The Sound and the Fury" plus "On the Beach," "The Last Angry Man," "Pillow Talk," "Spartacus," "Blue Denim," "The White Kimono," "Middle of the Night," "The Summer of the Seventeenth Doll" and so many other plainspoken projects that "hell" and "damn" aren't even swear words any more.

DIANE YARSI was knocked off the payroll at Fox, the second time in six months, for refusing to show up for work in "Holiday for Lovers." It's reported the young contractee is "pulling a Monroe" because none of the three pictures offered her since last July are worthy of the artistic abilities she demonstrated by winning an Oscar nomination for her first movie, "Peyton Place."

Paul Davis couldn't find a job in Hollywood after Warner Bros. hired him to play R. J. Russell's stage manager in "Auntie Mame." So he went back to New York and got himself a job with Judy Holiday—as the REAL behind-the-scenes stage manager of Judy's Broadway stage musical, "Bells Are Ringing."

SPEAKING OF "Auntie Mame" it's not always true that a smash stage hit has to move out of town before the movie version opens.

The Warner movie was playing in Vancouver, B.C., a week before Sylvia Sidney's touring company hit the boards there—with record-breaking advance sales of \$30,000—just down the street from the movie theatre in which Roz Russell is brandishing Auntie's long cigarette holder.

on a grind policy of six screenings a day to Standing Room Only!

CHANNEL CHATTER—Chet-erfield, after it pulls the rug out from Eddie Fisher, will cut his alternating star, George Gobel, from 60 minutes to a half-hour.

Spurred by the headlines, Screen Gems signed Roberta Haynes and Paul Picerni to star in a segment for its Behind Closed Doors series—"The Que-moy Story."

Ray Danton started as a romantic leading man in movies but has switched to playing villains in TV. Youngest guy in the heavy racket told me why: "The menace is always the most interesting part. Besides, TV is just 'throwaway' stuff. I'll go back to romantic leads in movies. The end product of TV is to sell soap. The end product of movies is to sell entertainment. I'd rather sell entertainment!"

BOB DENVER can't finish high school. Fox-TV grabbed the 16-year-old lad out of Loyola High in Los Angeles for the regular role of Dwayne Hickman's buddy in its new family series, "The Loves of Doble Gillis."

In the good old days of the silent they called movie series "cliffhangers" because Ruth Roland and Pearl White were usually left hanging over a cliff from one Sat. mat to the next. Here we go again in TV: John Frankenheimer will direct a two-part Playhouse 90 televersion of Ernest Hemingway's "For Whom the Bell Tolls." It's tentatively slated to emanate from Gotham March 5 and

# Planners Approve 5-Million Gallon Water Storage Tank by Tahquitz

City Planning Commission members this week approved plans for construction of a huge, 5 million-gallon water storage tank at the entrance of Tahquitz Canyon.

Planners also indicated a favorable outlook towards plans for a commercial parking lot on Indian Avenue, across the street from the Ambassador Hotel at 600 North Indian Avenue.

**BOTH ITEMS WERE** part of a 12-point agenda, which also featured a semi-controversial proposal for a new electric power sub-station, presented at the commission's regular meeting yesterday.

The water tank, planned by the Palm Springs Water Company, was regarded as the most favorable part of a multiple-choice proposition offered the city.

Water company owner Harold Hicks pointed out that the city can either have the huge, 44-foot-high

commercial parking lot in an R-3 zone, but commissioners took the view that any off-street parking "consistent with good planning" would be a welcome addition to the area.

Ranes was instructed to prepare recommendations for commission action at the next meeting.

**OTHER COMMISSION** action yesterday also involved public hearing on California Electric Power Company's applications to build a sub-station on water-course-zoned land in the Palm Valley Colony Lands of Section 19. Only one protest from property owners greeted the plan, but commissioners indicated that the proposed, 22-foot height of the plant may not be consistent with future development of the presently vacant area.

**CALECTRIC MANAGER** Francis Crocker explained that the 15-foot height limit asked by the commission might create a hazardous situation for company employees forced to pass under power lines which may be too low for safe clearance.

Commissioners agreed with the apparent necessity for construction of the station, but asked

## Woodfins Back From Aerial Trip to Texas

**RANCHO MIRAGE** — Mr. and Mrs. Glen Woodfin and family (Woodfin Motors in Cathedral City) returned Sunday from a flying trip visiting relatives in Fort Worth and El Paso, Texas, and in Beaumont. Woodfin pilots his own plane and commutes between his home and his main office in Ontario.

## Tap, Acrobatic Ballet Class To Start Jan. 14

"Gimme that old soft shoe," yelled Village youngsters.

And the Palm Springs Recreation Department hastened to oblige them.

Howard Haddock, city recreation director, said yesterday that a class in tap, ballet and acrobatics — just for the small fry — will be held each Wednesday, beginning next week, at Cielo Vista School Auditorium.

The class, under the instruction of Frankee Johnson, will be separated into two segments. One segment will be from 3:30 to 5:30 p.m., for boys and girls six to nine years, the second will be from 6:30 to 8:30 p.m., for children 10 to 13 years.

The class, Haddock pointed out, is for recreational purposes and is not aimed at giving the tykes dance fundamentals.

## La Salles Home From Hospital With Son Craig

His paternal grandparents are Mr. and Mrs. Alvin La Salle of Cathedral City and his maternal grandparents are Mrs. Selma Rains, also of Cathedral City, and W. C. Thompson of Palo Alto. ## Disneyland Expanding

**ANAHEIM, Calif.** — (UPI) — Walt Disney has launched a \$5,500,000 construction program to expand his Disneyland playground by six new attractions. The projects include a full-scale monorail, first of its kind in the U.S.; a voyage beneath "the polar ice cap" in a submarine; a 14-story reconstruction of the Matterhorn, complete with bobbed and skyway rides through glacier grottos; two new super "autoplans," and a massive new lake.

In announcing the expansion program — last since the fun spot opened in 1955 — Disney said the target date for completion is early next June. The program will boost the total investment at Disneyland to \$28,600,000.

The party was hosted by Mr. and Mrs. S. J. Burns, also of Los Angeles and members of the Desert Club.

An imported music box played "Anniversary" music and Robert Devore, son of Mrs. Levine and associated with her in the antique business in Los Angeles, photographed guests as favors for the occasion.

Included among some 25 guests were Messrs. Maurice Kirsch, Eli Cohen, Bernard Livingston, Sam Grayson, all of Los Angeles and La Quinta; Miss Lily Heffernan, Helen MacKenzie and Dottie Edwards of La Quinta; Mr. and Mrs. Leonard Franzus of La Quinta and Chicago and Alexander Blaine of Beverly Hills.

## Do vitamins stay potent?

Vitamins come lots of ways—powders, liquids, some in pills, some in capsules. Some must be refrigerated to maintain full strength. Some have limited storage life. Others should not be mixed until just before taking. And so on.

We bring all this to your attention because "vitamin preparations" are being sold all kinds of ways these days. You hear offers on the air. You see offers in print. You even find salesmen ringing your doorbell.

For reasons mentioned above, the proper place to obtain vitamin preparations is your registered pharmacy where professional knowledge assures your getting full vitamin value.

## Fraternal Order: Leave!

ITHACA, N.Y. — (UPI) — A three-legged husky owned by a Cornell fraternity has been banished from the campus for snapping at students.

The dog named Tripod, was expelled despite a plea by the student newspaper, the Cornell Daily Sun, that he be kept.

Members of the Kappa Delta Rho fraternity, where Tripod lived, feted the dog at a banquet before turning him over to his original owner, Roger Bruggaff, a former student, who plans to bring Tripod back to his birthplace in Alaska.

Men drivers were involved in 89 per cent of all fatal automobile accidents and 84 per cent of all non-fatal accidents in 1957.

# Indian Cagers Meet San Jacinto Here Tonight

RESERVE FORWARD Dick McFarland, filling in for ailing Palm Springs regular John Ivey, goes up in the air for two points against Perris in Tuesday's league-opener here. McFarland hit for 10 points against the visitors, second to Stan Cirata's 16 points in high point totals. Palm Springs reserve guard Joe Jones (34) follows up the McFarland shot while Perris players Daryl Berlin, left, Steve Fry (4), and Gene Bishop, right, watch the action. (Chuck Grone Photo)

PERRIS FORWARD Daryl Berlin is outnumbered in this ball-grabbing mixup under the Perris goal in Tuesday's opening RCL fray which the Palm Springs Indians won, 49-34. Stan Cirata, left, looks for a way to get into the act which Joe Lewis and Rickie Strause are monopolizing. Perris guard Louis Ailes, right, also appears ready to pitch in. (Chuck Grone Photo)

## Visitors To Bring Fast Five

San Jacinto High, which gave Coachella Valley's Arabs a tough time in the opening game of the 1959 Riverside County League basketball race Tuesday, comes to Palm Springs tonight to meet Coach Jim Workman's Palm Springs Indians in the second game of the current season and the Tribe's mentor believes he has a rough night ahead. Coachella is touted to take the 1959 pennant but San Jacinto wasn't alarmed and gave the Arabs a real struggle before bowing 27 to 33.

THE INDIANS, in the meantime, had a little trouble of their own subduing Perris High 49-34. They had to do it the hard way with a last half rally after trailing for two periods. John Ivey, forward is still out with the flu and Dick McFarland will again replace him in the starting line-up. McFarland tanked ten points against Perris, second to Stan Cirata in local scoring.

WORKMAN PLANS to start McFarland and Jeff Lilley as forwards; Rickie Strause, center and Stan Cirata and Joe Lewis guards. This combination clicked Tuesday to defeat Perris in the opener. The Varsity game is scheduled to go on the boards at 8 p.m.

COACH DICK ROUGH will send his Papoose Bee outfit against the San Jacinto Bees in the opener at 7 p.m. The Bees dropped their first game Tuesday night to Perris 20 to 38 but showed promise that they may be a factor in the lightweight race when they get rolling.

## Hillsdale Heads Field Saturday In San Fernando

ARCADIA UPR - Hillsdale, conqueror of Round Table, leads a field of eight Saturday in search of victory in the \$25,000 San Fernando Stakes at Santa Anita Park. If Hillsdale does capture Saturday's feature, it will be the first time in Santa Anita history that a horse has won three stakes on consecutive week ends. Hillsdale beat Round Table in last week's San Carlos Handicap. He also won the Malibu Stakes the previous week. Despite the fact the C. W. Smith colt almost certainly will go to the wire as the favorite, Hillsdale won't be topweighted for the 1-16 mile race. That distinction goes to Warhead, winner of two stakes events in New York prior to arrival here, which will carry 128. Hillsdale will have a 124 pound impost.

## No Place Like Home For Basketball Teams

By OSCAR FRALEY, United Press International  
NEW YORK (UPI) - It is a generally accepted theory in college basketball that playing on its own court is worth 10 points to the home team.  
Why?  
Publicly the coaches will tell you that this is due to strange playing conditions.  
Privately they blame it on "home officials" and the "disturbing manner in which visiting teams are treated."  
Ken Norton of Manhattan made a strange analysis of a game his team played at Philadelphia against LaSalle.  
"We scored 28 field goals to their 23. We obtained 49 rebounds to their 45," he explained in summing up what should be the two deciding factors in the game.  
"But," he added with a bitter smile, "49 fouls were called against us and only 27 against them."

NORTON'S TEAMS, he admits, haven't won a game in Philadelphia since 1951 and it may be labeled an acknowledged fact that in that period he has had some fine, ably coached teams. But he hurries into the usual platitudes by observing:  
"Of course, this is no reflection on Philadelphia."  
Why not? Because the visiting team has come, the way basketball is played, to accent the fact that it will get none the best of the going in strange territory.  
"Of course the backboards and the rims rebound differently on a strange court," Norton placates, "and then you also have the factor of different lighting."

BUT DON KENNEDY of St. Peter's takes no such politic view.

### WEST ONE TD FAVORITE

## Former Trojan Stars Top Rivals in Pro Bowl

LOS ANGELES (UPI) - A natural rivalry between two of the greatest quarterbacks in Southern California history - Jon Arnett of the West and Frank Gifford of the East - added spice today to prospects for the ninth annual All-Star pro bowl Sunday.  
The West, coached by Weeb Ewbank of Baltimore, is expected to enter the game a one-touchdown favorite over the East, directed by Jim Lee Howell of the New York Giants.  
The appearance of Arnett, Gifford, and such other stars as fullback Jim Brown of Cleveland and quarterback Johnny Unitas of Baltimore is expected to entice upwards of 70,000 persons to Memorial Coliseum for the off-season contest.  
THE SUNDAY GAME will be televised nationally with a local blackout in effect.  
The West holds an edge in previous games, winning five of eight. Last year, with halfback Hugh McElhenney leading the way, the West scored a comparatively easy 26-7 triumph.  
ARNETT, the running star of the Los Angeles Rams during the past season, is a all-pro choice,

## NCAA to Close Sessions Today In New Storm

CINCINNATI, Ohio (UPI) - Delegates met today for the closing general session of the weeklong NCAA convention here with fireworks expected in the voting on amendments to the bylaws.  
Walter Byers, executive director of the National Collegiate Athletic Assn., said disputes may arise when the 2,200 collegiate sports officials vote on eligibility and education amendments.  
Byers said the NCAA council would press for a vigorous campaign to eliminate fringe benefits such as different types of loans to students, particularly those for athletic students.  
It was such a violation that led to the two-year probation levied on the University of Southern California Wednesday.  
Byers said the council would also urge the general session to adopt a rule that any member school that retains a staff member who violated NCAA rules be required to show cause why its membership in the NCAA should not be suspended or ended.  
At a news conference Thursday night, the committee on infractions reported that the climate of intercollegiate athletics has improved. It added that institutions are more closely observing NCAA rules.  
A. D. Kerwin of the University of Kentucky, chairman of the committee, said the schools are freer about reporting violations, both against themselves and against other institutions.

Laurye's Steak Ranch basketball team staved off a last quarter rally by Smoke Tree Stables to continue undefeated on the floor in the second year of the City Basketball League, winning 40 to 36 in a fast game at the High School gymnasium.  
The result put Laurye's and Smoke Tree Stables in a 4-1 deadlock as the first half of the season ended Thursday night.

The winners went into the final quarter leading 21-26 but Smoke Tree staged a rally that cut down the lead until Laurye's went into a last minute rally to regain a four-point edge.

CHARLEY BROWN was high for the winners with 12 and Bill Jones and Bill Clines led the losers with 10 each.

In the preliminary game, the All Stars defeated Bonnie Electric 42 to 25 with Jim Sheppard high for the winners with 15 and Bud Merrick for the losers with 10.

## Beverly Hanson Heads Field in Florida Tourney

SANFORD, Fla. (UPI) - A forecast of morning showers today threatened to mar the start of the \$5,000 Mayfair Inn golf tournament - opening event on the 1959 Ladies PGA tour.  
The weatherman predicted that rain would hamper morning play on the 5,600-yard course as the 54-hole tournament opened for a three-day stand. And he said the showers might continue through the afternoon.  
Heading the list of favorites for this tournament was Beverly Hanson of Indio, Calif., who topped the LPGA money winners last year by earning \$12,639.  
Based on practice rounds this week on the hilly course, it will take sub-par golf to win any money in this tourney.

Other stars entered include Mickey Wright, San Diego; Betty Dodd, San Antonio; Ruth Jessen, Seattle, and Jackie Pung, San Francisco.

## Golf's Three B's Top Tijuana Field

TIJUANA, Mexico (UPI) - The "three B's" of golf - Bolt, Bayer and Boros - were the favorites as play got under way today in the \$20,000 Tijuana Open tournament, second stop of the year for the play-for-pay boys.

It's National Open champion, Tommy Bolt; George Bayer, the longest hitter in golf, and powerful Julius Boros, who hold the spotlight.  
Because the course is so long it is going to take a powerful hitter to win this one.

Cepeda also announced his engagement to Annie Pino, a 16-year-old junior at Albert Einstein High School in nearby Barrio Obispo. Cepeda said they may postpone the wedding until Miss Pino's graduation.

## Cepeda Just Starting Declares Rigney

WALNUT CREEK, Calif. (UPI) - Manager Bill Rigney of the Giants today said that Orlando Cepeda's selection as National League Rookie of the Year was "only the start of a very illustrious career for him."  
"No one was more deserving of the honor than Orlando," Rigney said of the unanimous vote. "He was fine at the plate and fine in the field. He is going to go a long way."

## Dixon to Decide Tonight Whether To Pound Beats

NEW YORK (UPI) - Middleweight Eddie Dixon must let his fists decide tonight, in his first Madison Square Garden main event, whether he'll continue as a policeman or a pugilist.  
If, in his first TV fight, he hands contender Gene (Ace) Armstrong his first defeat, Patrolman Dixon of Newark, N. J., will concentrate on boxing and shoot for the 160-pound crown.  
But if Armstrong of Elizabeth, N. J., registers his 16th straight professional victory in their 10-rounder, Dixon will return to his night foot-patrol beat in Newark, where police director Joseph F. Weldon has warned that police work and outside business can not be mixed.  
Armstrong, 27, is favored at 3-1 over the fighting cop, 25, for their bout, which will be televised and broadcast nationally by NBC.

SCHOOLWORK IS FUN for youngsters of Mrs. Patricia Meyers' third-grade classroom at Cielo Vista School. Mrs. Meyers, who likes creativity in her classroom, is shown helping her pupils rehearse

a puppet show (with their own hand-made puppets) for a school program. (Desert Sun Photo)

## Successful Program

# Students Today Learn 'By Doing'

Step into Mrs. Patricia Meyers' third-grade classroom for an eye-opening idea of how this teaching bit has changed since your own blackboard days.

First thing you'll learn is that you never had it so good.

Then you'll meet a group of eight-year-olds who'd rather go to school than take a day off with a TV set.

**BUT THAT'S BECAUSE** these energetic youngsters learn their ABC's in a do-it-yourself fashion that makes a school classroom as enjoyable as a hobby shop at home.

"I like my children to express themselves creatively while they learn," said Mrs. Meyers, a part young product of a new school of teaching — a school that adds a three-dimensional shape to the old three R's.

MRS. MEYERS, a 28-year-old former San Franciscan, also believes that her classroom wards are real individuals and have enough of what it takes to express

their own ideas while they absorb their knowledge.

Youngsters in her Cielo Vista classroom learn by doing, and you'll find solid examples of their learning in every corner of the room.

Take their studies on the Solar System, for example. These wide-awake young citizens know about the planets ringing old Sol because they've been there, in a manner of speaking.

**EACH YOUNGSTER** participated in creating working models of the system. They can watch little planets speed around the sun on one table or battery-powered stars flicker on another.

Hand-made, three-dimensional pictures decorate the rear wall of the classroom and a puppet-show stage and "movie show" are ready for class or school programs at the front.

The movie, consisting of a long, three-foot-wide sheet of paper suspended between two rotating spools, features scenes drawn by all the pupils.

**CASES FOR THE** theater and the puppet stage, on which the class presents original plays with their own hand-operated puppets, were crafted by Mrs. Meyers' husband, Wayne Meyer, a teacher at the high school.

"Teaching for us is a hobby as well as a profession," said the slender pixie-haired teacher, "and I want my youngsters to come to school and enjoy learning as much as I enjoy teaching."

As for department, Mrs. Meyers doesn't believe that sparing the rod spoils anybody — not if they're acquainted with their own responsibilities.

**"I LIKE THE** children to have as much freedom as they're capable of handling," she explained, which might sound like a passkey to pandemonium.

But check the youngsters from the corner of the eye while you talk with their teacher and you'll see what she means.

The room is silent, except for the sound of scissors working on tiny felt coin purses which the

children are making for their mothers.

**SOME YOUNGSTERS** have finished, but they don't stop working. They haul out their next assignment and get to work without a sign of coaching from the teacher.

It's obvious that Mrs. Meyer doesn't need anyone to watch the store while she's busy elsewhere. While she encourages her youngsters to exercise their individual thoughts, emphasizing ingenuity and originality, Mrs. Meyers pointed out that her pupils also learn respect for others.

A few extra-curricular touches, such as photos taken of the children at work, help foster the idea of unity.

"They respond wonderfully," she said, adding with a smile that mirrors her own enthusiasm: "and they try very, very hard."

The American Foundation for the Blind estimates that there are about 8,500 blind children of pre-school age in the U.S.

## Dunlevie Attends CREA Officers Training Meet

Ernie Dunlevie, past president of the Palm Springs Real Estate Board, and newly elected regional vice president of the 28th District of CREA is attending the annual Officer's Induction Program conducted by the 29,000-member California Real Estate Association at the Civic Auditorium in San Jose today, Friday.

Dunlevie is present at a special session of the training program devoted to preparing the 28 regional vice presidents of the state association for the many activities and duties involved in that office.

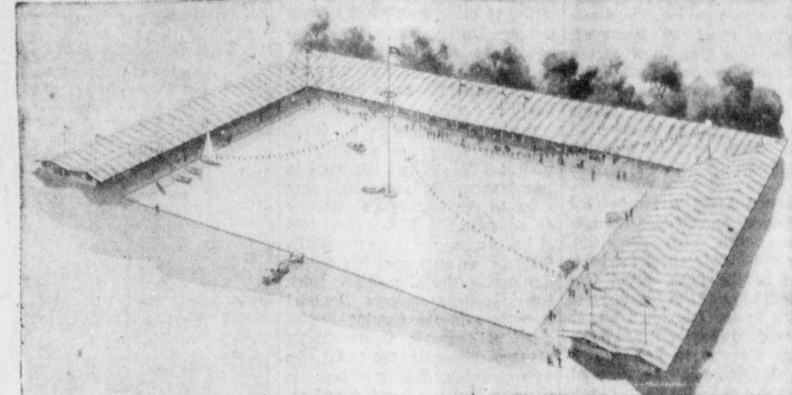

H. JACKSON PONTIUS, state secretary of the association, said that "this training program is conducted each year as a refresher course and enables the local real estate board officers to provide better professional service to the realtors in their area and also to assure dependable, ethical service to the public in its transactions with real estate."

On Saturday, Jan. 10, James B. Clayton, Jr., of San Jose, will be installed as president of the California Real Estate Association at an inaugural luncheon meeting to be held at the Hawaiian Gardens in San Jose.

CLAYTON IS A past president of the San Jose Real Estate Board and will be the 52nd president of CREA, now representing 160 local real estate boards in California. The inaugural ceremony will include the installation of Elmer F. Karpe of Bakersfield as honorary president, Charles H. Brown of Pasadena, treasurer, H. Jackson Pontius of Arcadia, state secretary, and other newly elected officers of the association including the 28 regional vice presidents, honorary directors for life, directors at large and state directors representing the 160 member local real estate boards.

Clayton succeeds Clive Graham of Long Beach as CREA president. The new president has held many prominent positions in both CREA and the National Association of Real Estate Boards. He has served on the CREA executive committee and as chairman of the service and fees committee.

Clayton's father, J. Bradley Clayton, Sr., was president of CREA in 1929.

THIS NEW SPORTS MARINA, called the largest of its kind in the West, is the first of several major improvements planned for the 1959 citrus exposition at the San Bernardino National Orange Show grounds, show president Howard L. Holcomb announced today. The spectacular Marina measures 1,000 feet larger than a regulation foot-

ball field and features a giant lagoon 300 feet long and 164 feet wide, containing 40 Olympic-size swimming lanes. With more than 1½ million gallons of water, the Marina is considered large enough for the operation of almost any size water craft. It is designed to provide an additional entertainment center on the show grounds.

## Gardening in the Desert

Mr. Amateur Gardener with Eucalyptus on his mind will find that quite a few species may be advantageously grown on our desert, all of them resistant to the very lowest temperature we are liable to have here. They vary in height from 20 to 80 feet.

You will discover that the coarser species throw off leaves and bark indiscriminately and call for a lot of raking. To mention a few of the less troublesome ones we might start with Scarlet Flowering—horticulturally called E. ficifolia—whose lavish, brilliant flowers will add splendor to your garden.

LONG GREEN LEAVES against a smooth, white trunk makes White Gum beautiful and worth while studying. While doing so bear in mind the fact that its high growth makes this specimen the tallest of all Eucalypti.

## Pearson Named Loan Agent for Jefferson Life

Jefferson Standard Life Insurance Co. of Greensboro, N.C., has approved the appointment of Pearson Mortgage Co. as the loan agent for the production of mortgage loans on residential, commercial, and industrial real estate, it was announced today.

Pearson Mortgage Company maintains offices in Palm Springs and Indio, and loan agencies in Banning and Blythe.

"This is another concrete example of institutional investor confidence in the staple growth of the desert area, and represents a new and important facet of real estate investment capital for its development," Pearson officials said.

## Long-Lived Light

MORRISTOWN, N. J. — (UPI) — A new exit marker has been developed for aircraft which can provide uninterrupted light for up to 25 years — without an external power source.

The new markers, according to the U. S. Radium Corp., are made of glass tubes which are coated internally with a special phosphor and filled with tritium.

The tritium excites the phosphor, which then emits light. The best of the markers, according to the firm, are visible at 100 feet or more in the dark.

A one-story building is Washington, D.C., headquarters for one of the nation's largest elevator companies.

For a plentitude of pink blooms in spring and summer you might study Red Iron Bark. This one grows to about 50 or 60 feet and generally has a spread of 10 feet and has bluish-gray leaves which turn to bronze in winter. In comparison with other Eucalypti its growth is slow.

THERE ARE SEVERAL other decorative and shady trees that thrive in the desert. Willow Pittosporum, for instance, apt to be misnamed as Weeping Willow. This also is slow growing. In height its limit is about 20 feet, in spread 12 to 15. For decoration it throws out sweet-smelling, small yellow flowers.

Of the Cypresses, Italian Cypress and Arizona Cypress have proven best of their species for growth in this desert. Of the two we prefer Italian Cypress because of its more compact growth and its height. Both are hardy and drought resistant, but if neglected are liable to become scraggy and woody.

AMONG ALL THE trees that beautify our desert gardens, large and small, we lean heavily towards the Jacaranda. Its early growth is slow for the first decade but as the years go by it reaches 40 to 50 feet. If planted where there is good drainage it needs little or no fertilizer.

Be sure to keep it away from pools and trees, the farther away the better, and you will eventually have a tree that adds real splendor to your garden, especially so when its blue, bell-like flowers bloom from early May to late June.

LET US DIGRESS for a while and go indoor and discuss indoor plants, philodendron for instance, with its many troubles, despite the fact that it is almost a stock item in Western homes. Philodendrons do not build up a very large root system, hence may be left

## Indian Wells Project Okehd

In accordance with the recommendation of the planning commission the Board of Supervisors this week approved a Record of Survey proposed by Michael Dunn of Idyllwild for property on Washington Street south of 42nd Avenue west of Indio. The property will be divided into 41 lots.

According to the report submitted by Lowell O. Weeks for the Coachella Valley County Water District, the area is considered safe from normal stormwater, but rare flows may cause damage to improvements.

# Intermountain Jewish News Editor Tells of Unique Situation in Village

(EDITOR'S NOTE: A newspaper visitor to Palm Springs this week, Robert S. Gamzey, editor of the Intermountain Jewish News at Denver, Colo., took a long, calculating look at a strange phenomenon in the village — a synagogue into which Jews of all sects go and worship. Editor Gamzey, with a newsman's candid eye, unveils this unusual situation for Desert Sun readers.)

By ROBERT S. GAMZEY, Editor Intermountain Jewish News  
Minhag America — a unified Judaism proposed by United Jewish Appeal Director Herbert A. Friedman and hotly debated by the Denver rabbinates a decade ago — is a reality in the Palm Springs Jewish Community Temple — Temple Isaiah.

Here in this famed palm-studded, mountain-encircled desert resort, the only synagogue in a town of 12,000 permanent residents and 100,000 winter vacationers merges Orthodox, Conservative, Reform and Reconstructionist Judaism in unique forms of religious services specifically designed to accommodate the heterogeneity of backgrounds and outlooks of worshippers who flock here from all parts of the country to escape snow and cold and bask in 70-degree warmth beside the 2,000 swimming pools in the Coachella Valley.

"IN SPITE of its youth, the 11-year-old Temple Isaiah — Center gives promise of blossoming into a rather unique type of Jewish institution on the American scene," according to the booklet

handed to synagogue visitors. "Its approach to the service of the entire community has already evoked much interest from coast to coast."

"The unifying experiences of the war years, which preceded its creation, and the heterogeneity of background and outlook of those who were its founders, indicated to them the desirability of creating a Jewish community not torn by internal dissension or hampered by a multiplicity of small, ineffectual, competing agencies. Stimulated by this vision of unity, a philosophy of total service emerged which has developed as it successfully passed the tests and trials of the past ten years. This unusual Temple — Center is now the focal point of all the organized Jewish community life in the Palm Springs area. Within its walls is taught reverence for our faith, allegiance to our country, and respect for the beliefs of others."

"OUR FAITH MEANS the totality of Judaism, not just a particular version of it. Temple Isaiah therefore serves the needs of the Orthodox, Conservative and Reform Jews. It provides the worship services that meet the devotional needs of each without separating one Jew from another. This is done through the widening of horizons rather than the cultivation of barriers. Secularists also feel at home because of the varied cultural, educational, philanthropic and social programs through which their attachment to Jewish values may be expressed," the pamphlet continues.

"One of the most important tools in the teaching of reverence for our faith is the religious school. Under the professional guidance of Rabbi Joseph Hurwitz and Cantor Erwin Halpern, the curriculum has as its prime objective to help our children participate happily, intelligently and creatively as Jews in modern life. God, Torah and Israel become meaningful concepts as the child grows."

"Adult Jewish education, a community forum attracting noted speakers from Los Angeles, 100 miles to the north; men's club, sisterhood, Mr. and Mrs. Club, United Jewish Welfare Fund which raises \$75,000 from 600 Jewish families for UJA and other causes; Israel bond drive, youth activities and nursery, round out the synagogue-center — community program of Jewish life."

"IN AN ATTEMPT to please all elements of Jewish life, services are conducted on Friday evenings using the Reform and Conservative prayers alternately every other week. An inspiring mixed choir uplifts the hearts and touches the emotions of more than 300 worshippers who turn out every Friday night. On Saturday mornings, an Orthodox service is conducted, though mixed seating is the rule. Rabbi Jacob Sonderling, 82-year-old patriarchal, bearded spiritual leader of Los Angeles Fairfax Temple — who advised the Palm Springs Temple-Center on its Minhag America religious directions a

decade ago — was guest speaker on a Saturday morning. The saintly onetime rabbi of Hamburg, Germany, is a favorite of college students at Brandeis Camp-Institute at Santa Susana, Calif., where he is guest lecturer during the summers and it is apparent why he makes such an unforgettable impact.

LOOKING LIKE A prophet out of Scripture, the octogenarian rabbi spoke with rare simplicity, clarity and feeling about the basic verities of the faith, about God and the Bible and the Divine Voice speaking to the individual human being through Holy Writ and showing him the way to live.

"I love this Book," he declared, holding up the Bible. "Every time and every page to which I open it, there are eternal truths in which I see new and deeper meanings. Have it in your home, read it, study it — it is life itself." Pointing out the importance of the Jewish trinity of synagogue, religious school and home, he said that when parents bring their child to him to start them in Hebrew school, he tells them he needs two teachers. He needs also the mother and father to help him teach their child the religion of their forefathers.

ALLUDING TO the founding of the Palm Springs Temple-Center as a house of prayer, assembly and study for Jews of all denominations, he said:

"I myself don't know what I am. The orthodox say I am reform. The reform call me orthodox. The conservatives say I am too orthodox and reform for them. The truth is we must serve the people. We must bring them to the synagogue. Without the Jewish people in the synagogue, and their children in our Hebrew schools, we are not building an American Judaism."

The Palm Springs Temple-Center with the Minhag America all-inclusive Judaism will be an interesting and significant experiment to watch. Its members, who migrated from colder climes and Reform Temples in other cities, have to adjust to the Orthodox and Conservative ceremonial, cantorial chanting and other traditional aspects of the service, as well as a kosher policy for the Center. For many Reform members, this is a difficult adjustment, though it is eased by a truly inspirational and beautiful choir at Friday evening services, and the use of the Union of American Hebrew Congregations (Reform) prayerbook on alternate Fridays.

WHILE THE SABBATH morning Orthodox service seemed as traditional as any we attended, except for mixed seating, one member (who admitted he never belonged to a synagogue in Los Angeles) complained the Palm Springs Temple-Center was "not orthodox enough." Yet, we didn't see him at the Saturday morning Orthodox service.

Rabbi Hurwitz, in his first year in his first pulpit since being ordained last June at Jewish Theo-

logical Seminary in New York, is trying to steer the middle course. On one Friday night during the holiday vacation, he had Palm Springs college students speak about Jewish phases of their campus life.

The vital importance of Hillel was underscored by a Princeton student who stressed the need to learn about Judaism and stay close to the faith while attaining an education. A UCLA co-ed told of her summer at Brandeis Camp Institute as an inspiration deeply inculcating the Jewish spirit among college students. Rabbi Hurwitz said the flaming Jewish spirit at Brandeis Camp during his own college days at UCLA was a powerful motivating factor in steering him into a rabbinical career.

THE PALM SPRINGS pulpit is no ordinary small-town stepping stone to big-city temples. This is a fast-growing resort area, in which Temple — Center members play a prominent role in real estate, construction, business and the professions. We heard predictions that before long, a half-million people will live in Palm Springs and the Coachella Valley in which it nestles at the foot of the towering 12,000-foot Mt. San Jacinto's peaks.

Rabbi Hurwitz, who attended Hebrew University for two years and brought home a Jerusalem five-generation Sabra, Rina, as his wife, is a carbon copy of Rabbi Herbert A. Friedman, former Denver Temple rabbi and now United Jewish Appeal chief, in appearance, speaking manner, inflection, personality and mannerisms. We have never seen two men who have never met seem so much alike.

JEWISH COMMUNITY Center officers are Abe L. Levin, president; Henry Birns, first vice president; Lew Levy, second vice president; Benjamin Lioff, treasurer, and Mrs. Lou Dubin, secretary.

Board members are Henry Freiberg, Jerome Gore, Max Grone, Benjamin Litoff, Jack Meiselman, Bess Emanuel, Zachary Pitts, Emanuel Rothman, Isaac Singer, Morton Weissman and Morton Rosenbaum.

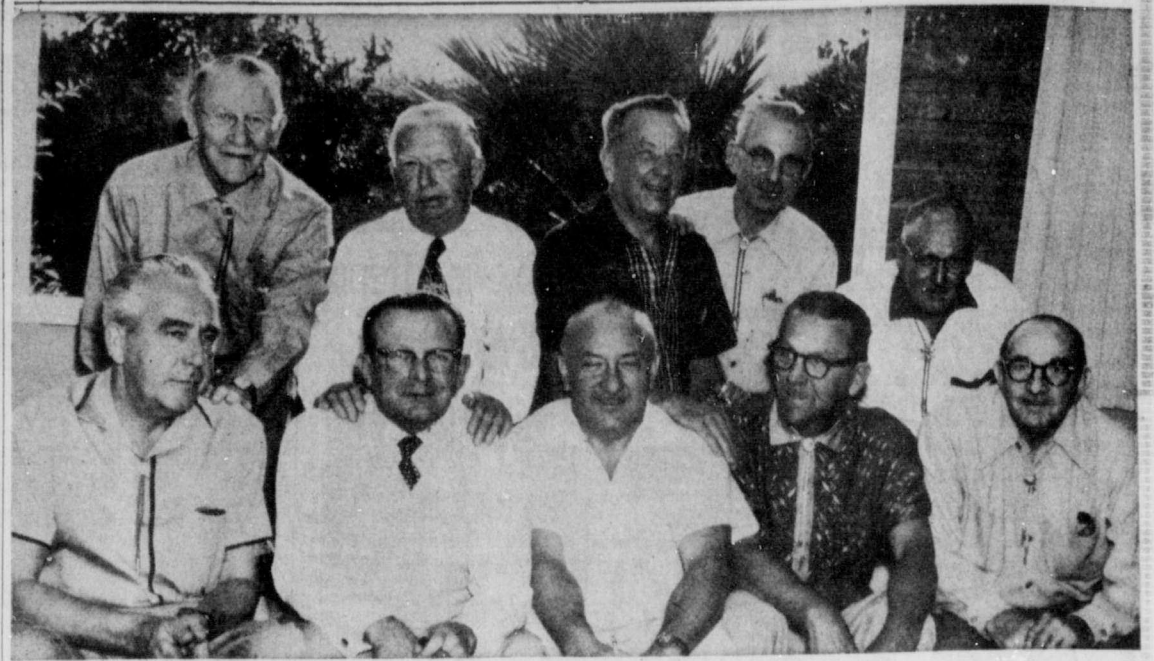

The advisory board consists of Eddie Cantor, William H. Friedman, Stanley Rosin, Saul Ruskin, Irwin Schuman and Henry Weinberger.

OFFICERS OF THE Men's Club are Morton Rosenbaum, president; Harold Joseph, first vice president; Fred Lyons, second vice president; Ralph Alpert, treasurer; Ted Land, recording secretary, and Dive Gilner, corresponding secretary.

Officers of the Sisterhood of Temple Isaiah are Miss Bess Emanuel, president; Mrs. Jerome Gore, vice president; Mrs. Raymond B. Chapman, vice president; Mrs. William Bronstein, vice president; Mrs. Erwin Halpern, recording secretary; Mrs. David Simrin, corresponding secretary, and Mrs. Irwin Coulton, treasurer.

## Kathy Has Bing Pacing, Due to Trapeze Swings

By VERNON SCOTT

UNITED PRES INTERNATIONAL HOLLYWOOD—(UPI) Kathy Crosby has husband Bing pacing the floor again, but not because the stork is flapping back for another visit.

Mrs. Crosby, who gave birth to "Little Tex" only five months ago, is swinging from a trapeze in a new movie — and Der Bingle doesn't approve of the acrobatics.

"HE DIDN'T KNOW exactly what kind of role I was going to play," Kathy giggled. "Bing read the script, but didn't realize I would be doing all my own stunts. By the time he found out it was too late. Anyhow, I'm an independent girl, and if I want to swing on a trapeze I will."

Kathy dislocated both shoulders this week rehearsing for her role in "The Big Circus," but like a sheepish child, she hasn't told her husband.

"I didn't tell Bing because I was afraid it would upset him," she explained.

DESPITE HER shoulder injuries which she said were minor, Kathy claims she was in good condition when she accepted the role.

"I've taken ballet lessons all my life," Kathy went on. "And my fishing trips with Bing help keep me in trim."

Besides, I'm not doing complicated things on the trapeze. Just a few jumps and falls into the net. I want to try a somersault in the air, too—if I can convince the studio not to use a double."

Kathy's aerial work gives Bing the jitters, but that's not the reason he avoids visiting the set.

"HE'S WORKING in a picture at Fox," the elfin brunette smiled. "And he believes professional performers shouldn't interfere with the working life of other professionals. I haven't visited his set either," she added.

"We do read each other's scripts, but never exchange criticisms. Bing hasn't seen many of my pictures, but he did say he liked me in 'Mr. Corey'."

"My good husband has given me some helpful tips—but not about acting. They're usually concerned with my cooking, such as why I don't whip up more souffles."

"Ours is a personal relationship," Kathy said, growing serious. "I married Bing Crosby, the man. Not the legend. There's a big difference, and we try to keep our personal lives to ourselves."

Fantabulous affairs begin to happen around here ... about this time every year ... like tonight's brilliant Sponsors Ball at El Mirador ... which will follow the red-carpet Preview Performance at the Playhouse ... that's been a sell-out for over a week ... and like the kick-off to Thunderbird's Pro-Am that will be a benefit for the pet project of the Women's Auxiliary of Desert Hospital ... the Nurses' Residence for the hospital ... All of Thunderbird is back of this ... but it's a Milt Hicks-Phil Harris production ... with some of the biggest names in show business in the cast.

Desi Arnaz's orchestra will play ... and Alice Faye Harris, entertainment chairman, has arranged for such world-wide celebrities as Bob Hope, Bing Crosby and Frank Sinatra to entertain ... Phil Harris will emcee.

There are two prices ... There's a fifty-dollar Special table ... and other tables are \$25 ... but early reservations found almost everyone determined to "go first class" ... and aid the benefit.

Two things are certain ... it will be a great show ... and raise thousands of dollars for the Nurses' Residence.

Ambassador and Mrs. James Scott Kemper are due to arrive in Palm Springs today ... to take up residence for the winter at their home at 345 Via Las Palmas.

El Mirador's Convention of the Week ... which ends today ... is Bankers Life field managers ... and Wednesday night's Beer Festival found young insurance men and their wives kidel-hopping to John Meloch's music ... Their name cards revealed that they came from Nebraska, Minnesota and other mid-western states.

El Mirador stock holders Bernie and Ernie Young are here from Hibbing (it's 46 below there) for their annual winter stay ... Bernie is 15 pounds lighter and looking wonderful.

With the Youngs were their friends who made the Caronia cruise with them last summer ... Mr. and Mrs. Edwin Bauer of Pasadena ... The Bauers stopped over for a few days ... enroute to Phoenix.

Bill Gorman was in the party, too ... and he said that Ray Ryan, Bill Holden and Carl Hirschman (he's the visitor from Switzerland who was here earlier) probably left New York that evening ... on the way to the Belgian Congo where they will go on safari.

Bill and his twin daughters Susie and Sally are occupying Ray's El Mirador bungalow this winter ... while Susie gets some Palm Springs sunshine to counteract the effect of those Indiana winters.

Mari and Stewart Williams were in the polka crowd on the dance floor ... Mary and Joe Grabner were with a party at a nearby table ... and the Sam Salingers and Earle Hendersons stopped by to say "hello."

The Beer Festivals ... which started early this year ... were discontinued during the holidays ... but they are back on schedule now.

Vie and Bud Graves are issuing invitations for January 16 ... when they will display some of his new paintings ... including his annual New Year's Eve portrait of Vie.

Dr. and Mrs. Dana M. Cotton of Winchester, Massachusetts will be at Palm Valley School this weekend ... as guests of the J. Blake Fields ... Dr. Cotton is associate dean of admissions at Harvard University ... and is on his annual visit ... interviewing students interested in entering Harvard.

On display in Bullocks window today and tomorrow is that \$2000 gown ... specially designed by

Blackwell of Hollywood ... which Lily Pons wore when she appeared on the Eddie Fisher show ... It was a gift from NBC.

So bouffant that it travels in a box that is almost square ... the gown is short in front with a train behind ... Of fine french silk ... the white background is sprinkled with anemones in red, pink, and mauve ... with chartreuse leaves ... Miss Pons wears mauve slippers with rhinestone heels ... and lavender stockings ... She will wear this gown in her Sacramento concert appearance.

Dennis Day ... who had to cancel out his New Year's Eve appearance at Chi Chi because he was in St. Vincent's hospital with pneumonia ... is here recuperating from his illness ... He is the houseguest of the Austin Petersons of Navajo Road.

Holiday vacationers at Sunset Towers included the Mischel Greens of Hollywood ... and Aaron Palter of the Palter De-Liso Shoe company ... Post holiday arrivals include the Samuel Grossmans of Chicago ... Harry Hilps Sr. of San Francisco ... and Hugo M. Simons of Davenport, Iowa.

Another Villager has joined the ranks of Hollywood motion picture producers ... This time it's Clark Bramwell (he and his tennis-playing wife pretty Francesca spent all last year on the Riviera and doing the continent) ... who has combined with handsome young John Smith of motion pictures and TV ... and Bill Tomlinson ... to form a new production company ... called Karma Productions.

The group who told of their plans ... while enjoying dinner dance time at Howard Manor ... have already purchased three properties for future production ... "The Gunhawk" by Max Steeber and Richard Bernstein ... stockade by Will Cook ... and one as yet untitled.

**ACTOR ROBERT RYAN** and sons Cheyney, left, and Timothy, right, enjoyed a holiday vacation under the desert sun at La Quinta Hotel.

**HERE FROM EVANSVILLE, Indiana** to spend the winter with their father Bill Gorman at El Mirador, are eight-year-old twins Sally, on left, and Susie Gorman. The two youngsters are enrolled at St. Theresa School. (Desert Sun Photo)

## New Social Security Agent Named for Area

Raymond Majjala, field agent for the Federal Bureau of Old Age and Survivors Insurance, was this week assigned as the new Social Security service officer for the Palm Springs office.

Majjala, who has served with the Social Security Administration for 11 years, is headquartered at San Bernardino. He will visit Palm Springs on the first and third Thursdays of each month.

Majjala replaces Howard M. Nelson, who was transferred to the Elsinore-Hemet area. The new desert service officer previously served the Banning-Beaumont area.

Applicants for old age or survivor's benefits may contact Majjala at the American Legion hall on his regular visit days.

The Canadian Army now uses quick-frozen milk, which is handled in solid blocks and cut up with a saw.

## Dear Abby...

DEAR ABBY: Our son is 17. He's an average student but his teachers say he could be outstanding if he had more drive. I blame his father. Dad bought him a new car and lets him charge as much gas as he wants. Dad gives him money for his pocket and never asks him what he does with it. Would you believe that this boy never earned a quarter in his life? He's never had to. He's not a bad boy but he doesn't know the value of money (he charges clothes without even asking how much they are). His Dad says he wants his son to have it better than he did because he often went hungry in his own childhood. Don't you think his father is hurting him more than he's helping him? I'd like your opinion.

DEAR MOTHER: Dad's intentions are good, but he is denying his son the same challenging experiences that made a man out of him. If you want your son to keep his feet on the ground — put a little weight on his shoulders.

DEAR ABBY: I am an old man of 78, self-respecting but have known better times. My case worker is a good woman but she causes me great embarrassment. She comes out in the waiting room

and in a very loud voice discusses my personal needs so that everyone can hear. I may be old and on relief, but don't you think I am entitled to a little privacy?

DEAR HUMILIATED: Most case workers are kind, sympathetic, dedicated people but unfortunately yours is the exception. Of course you should have privacy. Next time ask for a confidential hearing.

DEAR ABBY: My husband is 53 and lately he has started to throw temper tantrums. He's broken dishes, mirrors and chairs. He kicks at the automobile and calls me the vilest names and says he could kill me. Then an hour later he sits in Church praying and singing hymns just like nothing happened. Are there other husbands like mine? WORRIED

DEAR WORRIED: You bet! The psychiatrists' offices are full of them. Your husband needs professional help.

DEAR ABBY: I am twelve years old and have a very young father for a girl my age. He is only 32. But, Abby, his hair is turning gray. I have tried to make him put a rinse in his hair to take the gray out but he won't

do it. What can I do with him? He is too good-looking to be old and gray-headed.

DEAR DOREEN: A man who is 32 and good-looking will be BETTER looking with gray hair. Stay out of his hair and watch him grow more handsome and distinguished-looking by the year.

DEAR ABBY: I have a friend who is very dear to me, but she tries my patience. When she leaves town she doesn't like to leave her dog in a kennel, so she asks me if I will keep him for the week-end. The dog is well trained and is no bother, but here is my problem: He's a long-haired Alaskan dog and can't stand it very warm in the house so she asks me to please keep the heat pushed down to 62. I have to go around in a sweater and am chilled to the bone. Do you think she is being very considerate to me?

DOG TENDER

DEAR TENDER: Just because you're taking care of your friend's dog is no reason for you to lead a dog's life. Turn up the heat!

DEAR ABBY: I've heard a lot of arguments about who's smarter, men or women. You don't see men falling for every crazy new style that comes along. They tried

to give us embroidered shirts and ruffled cuffs, but nobody went for it. In the past 35 years men's styles haven't changed much. Suits are a trifle tighter (or looser) and buttons moved an inch or two and lapels are varied, but men haven't looked ridiculous since they threw away the powdered wigs and satin knee-britches. Women have ruined their looks with the flat-look, chemise and trapeze. Their shoes are subma-

rines and their hair-dos look like unmade Army cots. Who's smarter? The answer is obvious.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

If you want a collection of Abby's best letters and answers in one book, ask your bookdealer to get "DEAR ABBY" for you.

The above member offices have exchanged their exclusive contracts through Multiple Listing. This is the modern way of buying and selling Real Estate. More than half of the real estate boards in California are doing business cooperatively in this manner. It stimulates sales by making it easier for the buyer to select his property from a list of recent offerings. It costs you nothing.
